Historic Garden Week Booklet Now Ready For Distribution

The 1955 booklet on Historic Garden Week in Virginia is ready for distribution, according to Mrs. Thomas E. Thorne, president of the Garden Club of Virginia.

The 64-page booklet, which is distributed without charge, gives full information about Garden Week, which this year will be held April 3-30. The book contains a letter from Gov. Thomas B. Stanley extending a welcome to Virginia visitors and also has descriptions of the various homes, gardens, shrines and buildings which will be open during the week-long event.

This year's Garden Week will feature 325 attractions, according to Mrs. Thorne. Eighty-three houses and gardens to be open this year have not been open to the public in past years, and 28 were not open in 1954. Last year, 291 attractions were open to the public.

The booklet describes each attraction thoroughly, giving its description and history. For easy reference, the areas of the State are separated in the booklet so that attractions in specific areas can be found at a glance.

The booklets will be mailed upon request by the Garden Club of Virginia, Hotel Jefferson, Richmond, or by the Virginia State Chamber of Commerce, 111 North Fifth Street, Richmond. They also are available on a pick-up basis at local automobile clubs and local chambers of commerce in Virginia.

Historic Garden Week was originated in 1929 by the Garden Club of Virginia, which uses proceeds of the event for restoration work in the Old Dominion. Already the club has spent more than $350,000 on restoration in the State.

At present, restoration work is being carried on at Woodlawn Plantation, home of George Washington's adopted daughter, Nelly Curtis Lewis.

Previous projects include the grounds and gardens at Kenmore in Fredericksburg; the garden at Stratford Hall, in Westmoreland County; the memorial garden at Lee Chapel, Lexington; the garden at Woodrow Wilson's birthplace, Staunton; the grounds at Wilton, Richmond; the Rolfe property, in Surry County; Bruton Parish Churchyard, Williamsburg; Mary Washington Monument, Fredericksburg; Thomas Jefferson's garden and walls at Monticello; completion of Betty Washington Lewis' garden at Kenmore; relief to Plymouth, England; Christ Churchyard, Middlesex County; the Churchyard at Fincastle; gardens at Gunston Hall; grounds at the Barter Theatre Players Home, Abington, and the gardens lying between the West Lawn and the West Range at the University of Virginia.

Vice President Lends Hand In "Pumping for Polio" Drive

WASHINGTON, D. C.—Vice President Richard M. Nixon resumed briefly a job of service station attendant, which he had in college, when he recently went to a station of the American Oil Company here to help the March of Dimes Campaign. His customer shown here is Carol Villelle, 5-year-old victim of polio, who needs some gas for her miniature car. Service stations participating in the "Pumping for Polio" drive donated their day's profits to the National Foundation for Infantile Paralysis.

Tragic Death Here Friday; Wife Slain

Tragedy struck in Appomattox late Friday afternoon, when Mrs. Bertha Leah Ferguson, 31, died from a shotgun blast at her home. HEALTH COMMISSIONER UNGES SUPPORT OF MARCH OF DIMES

"The extra dolalr you give to the March of Dimes may help speed the day when we'll have no more young sters struck down by polio," said Dr. Mack I. Shanholtz, State Health Commissioner during a visit to the physical therapy department of the Crippled Children's Hospital.

In a statement urging all citizens of Virginia to give the final week of the March of Dimes, "All out support," Dr. Shanholtz pointed out that almost half a million dollars in March of Dimes funds were spent during 1954 to provide treatment for Virginia's polio victims.

Chest Clinic Announced by Health Dept.

Dr. H. E. Jenkins, Director of Appomattox County Health Department, announces that plans are being made for a Diagnostic Chest X-Ray Clinic to be held at the office of the Health Department, Appomattox, February 7, 8, 9 and 10, 1955. On Monday, February 7, the time will be from 10 A. M. to 4:30 P. M.; Tuesday and Wednesday, February 8 and 9, 9:00 A. M. to 4:30 P. M.; and Thursday, February 10, 9:00 A. M. to 3:00 P. M.

Appointments are being made for x-raying known active, arrested and suspected cases of tuberculosis and contacts of tuberculosis. The doctors in the county have been notified of the clinic and asked to send in any persons whom they wish to be x-rayed.

"This is not a mass x-ray," Dr. Jenkins advised, "but merely a check-up on the progress of contacts, known and suspected cases of tuberculosis." The clinic is not for the general public, but for those who are eligible for this service. There will be a charge of $1.00, the actual cost of the film, for those able to pay this amount, but those unable to pay the charge will not be refused an x-ray for that reason.

For further information regarding the above clinic, contact the Appomattox County Health Office, Appomattox, Virginia or phone Appomattox 2801.

CARBAMATE SPRAYS ARE PROMISING FOR THINNING PEACHES

Certain carbamate spray materials have shown promise for thinning peaches in tests at VPI Agricultural Experiment Station.

Horticulturists there say that the tests indicate that a satisfactory spray may now be developed which will reduce the cost and improve the effectiveness of the peach-thinning job. Materials used in the past for thinning apples have not given very satisfactory results with peaches.

A spray of endrin applied to the ground in an apple orchard at the rate of about 2¼ pounds per acre has given complete control of mice in several tests. Commercial growers are now starting to use endrin, and find it far more effective than poisonous baits. Damage to fruit trees by pine mice is one of the greatest hazards confronting Virginia orchardists.

SAFETY

In the four years of our participation in World War II, 1,070,000 American servicemen were killed or wounded in combat; during the same period, 3,394,000 people were killed or injured in traffic accidents on the home front. —Man and the Motor Car.

Subscription rate: $2.00 a year payable in advance.
